

REMARKS

In response to the Examiner's rejection under obvious type double patenting, a terminal disclaimer, in compliance with 37 CFR § 1.321(c), is filed herewith to overcome the obvious-type double patenting rejection. Because the present application and issued U.S. patent number 7,149,521 are commonly owned by the same assignee, it is believed that the terminal disclaimer overcomes the obviousness-type double patenting rejection. Please charge any fees associated herewith, including extension of time fees, to **50-2117**.

Respectfully submitted,
Sundar, Rangamani et al.
